"AWESome toastmasters club brings excellent women and entrepreneurs together into a community that is competitive and encouraging in nature. A push to take roles and be present in meetings have made the commitment stronger and personally improved my public speaking skills. When I heard a recently recorded podcast of mine, **I was surprised and proud how my usage of uh,um, so.. were almost not there in my speech.**"

TM Subhashini

Resin Artist

"I believe in continuous learning; and it paved the way to Toastmasters. I've witnessed magic happening in both my personal and professional life. I joined the club as an introvert with a great amount of social anxiety. But now, I can now confidently engage in a conversation. Also, I was previously stuck in the corporate world and not courageous enough to step out, I now have my own resin art business. Never would miss the opportunity to attend our awesome meetings every Tuesday. **It's like energy pill for one whole week.**"

TM Akshatha

Quality Assurance Manager

"I was new to Toastmasters journey. I attended several toastmasters meetings as a guest. I finally chose the AWESome toastmasters club because I sensed a connection here. I consider it as a platform where **I can express my thoughts without any fear or feeling uncomfortable.**"

BUILD CONFIDENCE IN PUBLIC SPEAKING

Toastmasters clubs present speaking opportunities at every meeting. Whether you present a prepared speech, participate in Table Topics®, or fill a meeting role, you can get the valuable practice needed to build confidence for public speaking. And Toastmasters' safe and supportive club environment means there's no pressure, so you can work at your own pace.

BECOME A MORE EFFECTIVE SPEAKER

An integral part of Toastmasters is giving and receiving feedback. When you speak at a club, a fellow Toastmaster will provide you with feedback to help you grow your public speaking skills. With the Pathways learning experience, you will have access to an education program that will teach you the skills required to become a more effective speaker.

IMPROVE MY PRESENTATION SKILLS

An integral part of Toastmasters is giving and receiving feedback. When you speak at a club, a fellow Toastmaster will provide you with feedback to help you grow your public speaking skills. With the Pathways learning experience, you will have access to an education program that will teach you the skills required to become a more effective speaker.

IMPROVE MY LEADERSHIP SKILLS

Since Toastmasters clubs are run by members, each club offers volunteer leadership positions. When you combine this with the leadership skills you can learn through the Pathways learning experience, you can not only build skills, but can gain valuable experience leading a team.

MEET MY PROFESSIONAL GOALS

By improving your communication, public speaking, and leadership skills, you are building a better version of yourself. Whether you are hoping to land that big promotion or simply want to feel more confident when communicating with coworkers, Toastmasters can help teach the skills you need!

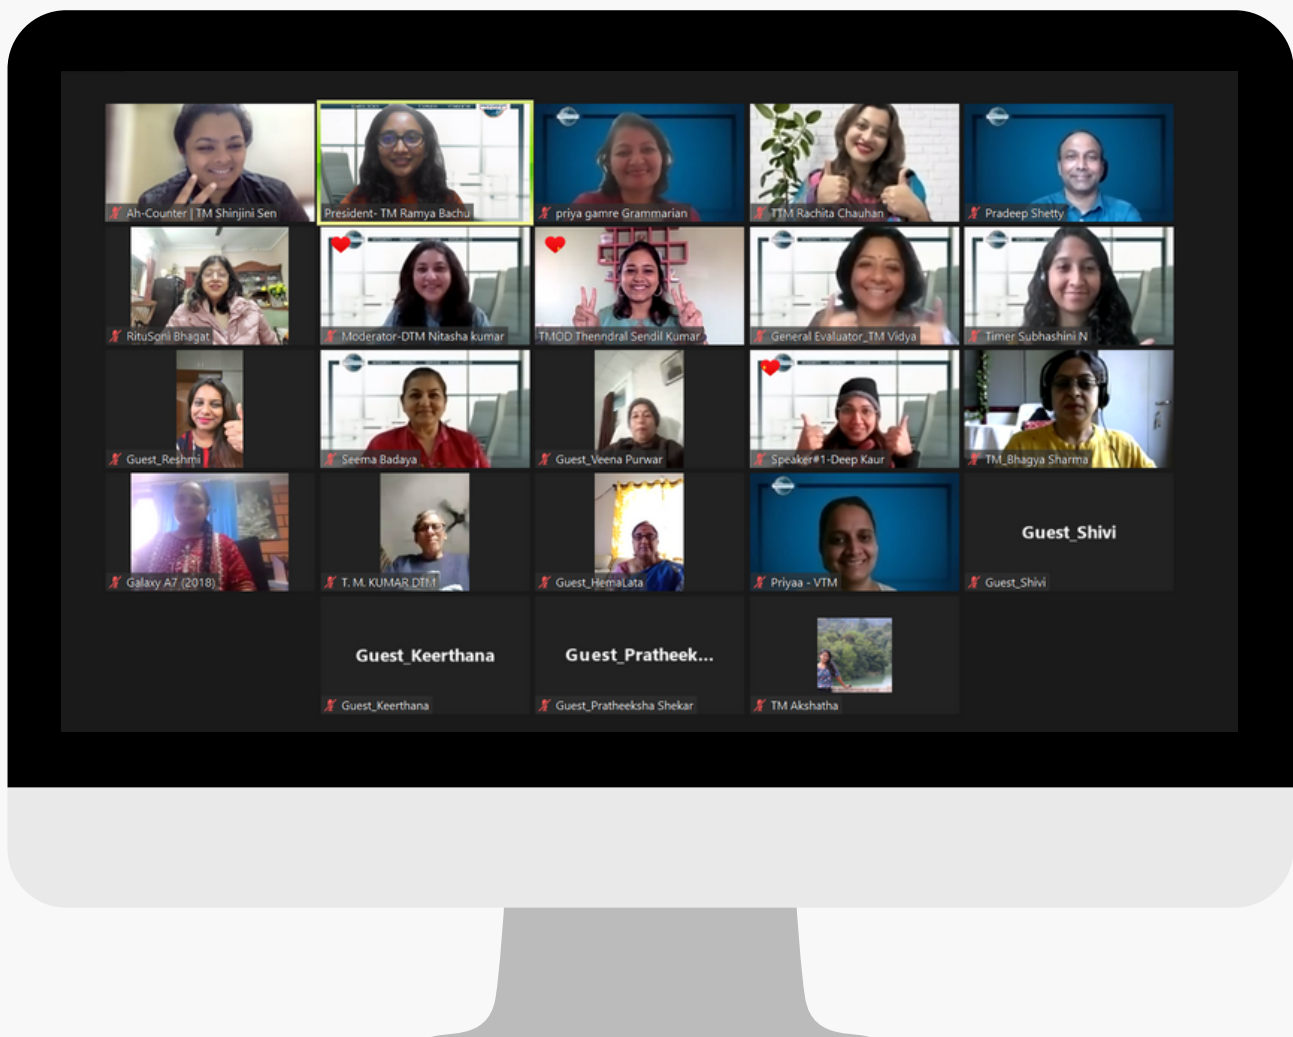

INCREASE MY FLUENCY IN A LANGUAGE

Toastmasters clubs can be found in 145 countries across the world. Each club decides which language they support during meetings, meaning you can find a club that allows you to practice that second (or third) language you want to become fluent in!

NETWORK WITH OTHERS OR BUILD SOCIAL CONNECTIONS

Toastmasters come from all walks of life. Over time, attending meetings will allow you to build social connections and network with others that you may not have had the opportunity to meet otherwise. In a Toastmasters club, you'll find likeminded people who are working hard to build similar skills as you!

WHAT CAN I EXPECT IN A MEETING?

In Toastmasters, everything revolves around the club meeting. With over 15,000 clubs in almost 150 countries, each club is unique in their own way. While clubs all feature the same structure, some are more formal, feature a theme, or have criteria for members to join. We encourage everyone to visit several clubs until they find one that fits their needs.

WHAT DOES THE CLUB EXPERIENCE OFFER?

“ HOW DO I LEARN AND GROW?”

In addition to the supportive learning environment in the club, there is a structured education program called Pathways.

What is the Pathways learning experience?

Pathways is Toastmasters' exciting, interactive, and flexible education program.

With numerous paths to choose from, you have the option to pick which skills you want to focus on.

It focuses on five core competencies:

- Public Speaking
- Interpersonal Communication
- Strategic Leadership
- Management
- Confidence

How does Pathways work?

Sign into Pathways and take the online assessment, which will suggest a learning path based on your goals.

As a Toastmasters member, you will receive one free path when you join. Progress through your path by completing projects, giving presentations at club meetings, and implementing feedback, all done at your own pace.

Each path has five levels and you'll start by mastering fundamentals before working your way up to demonstrating your expertise.

Best of all, Pathways is available online or in print and is translated into eight languages!
